

General Press release | 2018-02-06

New a-Six Wireless starts shipping today

Swedish audio product developer Jays Group AB (publ) announces the arrival of its latest model a-Six Wireless - one of the world's smallest wireless earphones with 12 hours of playtime and unrivalled bluetooth performance.

a-Six Wireless earphones are now shipping from Jays online store. The product features precision-made metal housing, decal plate made of stainless steel and trouble-free wireless connection.

a-Six Wireless is available for online purchase with free worldwide shipping through www.jaysheadphones.com and a selection of retailers. Please note that the black on gold edition is shipping from Jays online store. The gray on silver and white on silver edition is estimated to ship during next week.
